[Written for the Daily News.]

Guardian angels hover o'er thee,
Bright and gentle friend of mine,
May their spangled wings protect thee,
In an atmosphere divine.

May peaceful slumbers soothe thy soul,
In the silence of the night,
And the sweetest dreams transport thee
To the fairy realms of light.

And thy soul on fancy's pinions,
Waiting through the sea of space,
Meet in glory's brightest region,
A congenial, happy face.

Oh, thus thy future years shall roll,
And each fleeting moment seem,
The fulfillment of thy wishes,
All which and gorgeous dream.

TRUE HOSPITALITY.—I pray you, O, excellent wife, cumber not yourself and me to a curiously rich dinner for this man or woman who has alighted at our gates; nor a well-chamber made ready at too great a cost; these things if they are curious in them they can get for a few shillings in any village; but rather let this stranger see, if he will, in your looks, accents and behavior, your heart and earnestness, your thought and will, which he cannot buy at any price in any city; and which he may well travel twenty miles, and dine sparsely and sleep hardly to behold. Let not the emphasis of hospitality lie in bed and board; but let truth and love, and honor, and courtesy, flow in all thy deeds.—Ralph Waldo Emerson.

GUN COTTON.—The officers of Arsenal at Washington have been for some time engaged in experimenting with gun cotton for the purpose of testing it as a substitute for gunpowder. The following is one of their conclusions:

Intensity of action of gun cotton when ignited, it cannot be used with safety in our present fire-arms. It appears by the experiments that an accident of service, such as that of inserting two charges into a musket before firing, (which is of frequent occurrence,) would cause the barrel to burst, and from the repeated bursting of pistols and other small arms with small charges, there is no doubt that the barrels of our small arms would be destroyed by a few rounds even with service charges.

CEMENT.—Melt a little isinglass in spirits of wine, adding about a fifth part of water and using a gentle heat; when perfectly melted and mixed, it will form a transparent glue, which will unite glass so fast that the fracture will be hardly perceived.

CURIOSITIES OF ART.—Charles the Fifth of Spain, had a watch which was confined in the jewel of his ring, and a watch-maker in London presented George the Third with one set in the same manner. Its size was some thing less than a silver two-pence and it contained one hundred and twenty-five different parts, and weighed altogether no more than five pennyweights and seven grains.

FRIDAY, JANUARY 7, 1848.

BY O. F. JACKSON, 97-THAMES ST.

The little *Herald* worked itself into quite a fever on Wednesday in regard to the Post Office advertising, and the circulation of the *News*. These things have been a source of trouble to that establishment for some time past, and the editor of that paper has vainly endeavored to make the public believe that his paper has much the largest circulation, and is consequently the best medium for advertisers to avail themselves of. He publishes a note from the Post Master in this place, in answer to an application for the advertising of the letters, as he says, "that the public may know why the Post Office organ continues to receive the Post Office advertising." And how does he substantiate his position? Let facts speak for themselves. Judge Joslen, who has no interest in this matter whatever, says that we made oath, at the time required by law, viz: the first of July, as to our circulation and we obtained the printing. Well, what is the natural inference to be drawn? Why, that our circulation, in town, was larger than any other paper. Judge Joslen further states that the decision made at the period required, is for one year, unless otherwise ordered by the Post Master General; and every one who knows anything about the matter, is perfectly aware that such is the case. As we before said, it is perfectly immaterial to Judge Joslen where the advertising is done, and he has no control over the matter whatever, except to decide on the several claims when they are made, at the annual period. The law points out his duty, and he cannot deviate from it,—neither has he.

Thus much for the pretended reason of the *Herald* why we still have the public printing, when, he says, "that the circulation of the *Newport Daily News* was more than two hundred less than that of either of the weekly papers published in this town, during the month of December, and nearly four hundred less than the combined circulation of the *Daily News* and *Weekly Herald*." In the first place, we say to the very modest individual who makes this statement, that he is talking at random, and that his assertions are mere fancies of his mind, without the least shadow of truth. We repeat again what we have said on a previous occasion, that the circulation of the *Daily News*, in this town is larger than that of any other paper published here; and any man who denies it, either tells a wilful untruth, or, talks without any knowledge of the facts of the case. We are ready to stake any amount upon the assertion that the *Daily News* goes into more families, is read by a larger number of persons, and that we issue more copies, which are sold, than the *Herald*.

The patronage bestowed upon the *News*, both by readers and advertisers, speaks in unequivocal terms the opinion of the public as to its merits.

We have received larger additions to our subscription list, and more advertisements during the last few weeks, than in any given time since the publication of the paper was commenced. It is of no use for the *Herald* to attempt to play a bluff game with us in this community, in regard to the circulation of the two papers; we know that ours is the largest, and we intend that the public shall also understand the matter, and from present appearances we have the most gratifying assurance that they do.

The *Herald* concludes by asking on what authority the Post Master makes yearly contracts for advertising the letters? If he will enquire of that gentleman, he will unquestionably satisfy his curiosity. We presume that he derives this power from the source whence all directions emanate to him, viz: the Department at Washington. He also talks about the combined circulation of his daily and weekly. Does he not know that the law requires the letters to be advertised in the paper having the largest circulation in the immediate neighborhood,—and that the united circulation of a daily and weekly cannot be considered the paper?

We now have the Post Office printing, and we expect to do it until our year is out, the end of June next; and then, unless our paper becomes very unpopular in the com-

munity, of which we have no fear, we shall have it for another year.

The *Herald* insinuates that the mere fact of our having this printing, is the only ground which we have for saying that our circulation is the largest; this is not so.—That is but one of the evidences in the matter; another is the fact that our paper may be found all over town, and in almost everybody's hands, while it is as difficult to find a copy of the *Herald*, anywhere, as it is to see a skunk in a crowded city; and the third and last, and most important to us, is, the amount of cash that this same circulation puts into our pocket, annually.

The side-walks in this town are most wretchedly out of repair, and it is quite time that some notice was taken of them, in the proper manner, in order that those who are responsible for this delinquency of duty, may be accused to a sense of their obligations. Many of the walks in our principal streets are so much dilapidated that it is absolutely dangerous to pass over them, in the dark, and particularly so for those who are not familiar with the gaps, &c. In wet weather, the walks are full of young ponds and puddles, and although they may be avoided by careful navigation in the day time, still, in the evening, notwithstanding the caution that may be used to step clear of these holes, in nine times out of ten, a person will be sure to land his feet in them, instead of by the side, as he supposed he was doing. If each person would attend to the walk in front of his dwelling, they might be repaired at a comparatively small expense for in many instances the stones only want adjusting, some to be raised a little, and others to be lowered. If any one has a doubt of the existence of these evils, let him try it some dark, rainy night, and after stepping into a dozen puddles, in twice as many steps, and stubbing his toe the alternate ones, against a projecting stone,—and he will then be satisfied that we are correct.

The first number of the "Home Journal," for 1848, is before us. It contains the commencement of a new American Novel, of fresh and piquant interest, from a distinguished and popular pen; if we are not sadly mistaken, this new novel is destined to create no small sensation. In addition to this, the Journal contains a letter from *Charles Dickens*, Esq., M. P., and it is one of that distinguished author's happiest productions,—and he never wrote a poor article in his life. There is also a long letter from Theodore S. Fay, Esq., written at Berlin, which alone is worth the price of the paper. There is the usual variety of Gossip from the Parisian papers, and a quantity of other choice and valuable matter, which makes the "Home Journal" the best Family paper which we know of.

It is edited by George P. Morris and N. P. Willis, and wherever their pens are at work, the result cannot but be of the most entertaining character. Published by Morris & Willis, at 107 Fulton street, New York; terms, Two dollars per year. We cheerfully recommend this valuable paper to the patronage of all our readers, for we know that it is just what they want in their families.

SENATE.—Tuesday.—A resolution calling for despatches from the officers of the army received since the annual report was adopted.

A bill to create the office of a Surveyor General of Oregon, and grant preemption rights to actual settlers, was read twice.

Mr. Calhoun's resolutions were then called up. Mr. C. spoke at length in support of them. He said that he opposed the war at its commencement and he opposed it now. He was, he said, in favor of a defensive line, but was not prepared to designate it now.

He argued powerfully against conquering and holding Mexico, as a province, or by annexation—and called upon the Whigs to unite with him and put a stop to the war.—It supported, he said, he would call for a select committee to report a plan. No action was taken on the resolutions.

House.—Tuesday.—The House resolved itself into a committee of the Whole on the state of the Union.

Mr. Brough, of Pennsylvania, offered a series of resolutions, as a substitute for Mr. Vinton's resolutions, referring to a certain portion of the President's message.

Mr. Giddings moved to refer the Amistad case to a select committee, and made a speech in favor of such reference. The motion was rejected.

Mr. Truman Smith, of Ct., reported a bill to provide for the ascertaining of the claims for French spoliation. The bill was read twice.

A bill making further provisions for the relief of the widows of revolutionary pensioners was passed.

A resolution calling on the President to communicate information relative to the return of Santa Anna and Parades to Mexico was passed by a vote of 155 to 16.

SENATE.—Wednesday.—Sundry petitions and memorials were presented and referred.

Mr. Reverdy Johnson, from the committee on Commerce, reported a bill for the exemption of vessels employed by the Colonization Society from the provisions of the law regulating the transportation of passengers.

Mr. Dix, from the Committee on Commerce, reported a bill for the repeal of the Pilot laws. Also, a bill making an appropriation for the removal of obstructions from the Savannah river.

On motion of Mr. Cass, it was ordered that the Volunteer Bill be laid on the table until the Ten Regiment Bill be acted upon.

On motion, the Senate laid aside the morning business and proceeded to the consideration of the order of the day, to wit; the Ten Regiment Bill.

Mr. Crittenden, in order to make the bill more acceptable, offered an amendment, substituting the Volunteer Bill, and increasing the number to 30,000. He supported the amendment at some length, and pointed out its advantages.

House.—Wednesday.—Mr. Venable, of North Carolina, moved that the vote by which the House agreed to the resolution of Mr. Giddings be re-considered, stating that he wished to offer an amendment.

Mr. Ashmun moved to lay the motion on the table.

Memorials were presented, numerous signed, praying Congress to legislate in favor of the doctrines of the Wilmot Proviso.

Mr. Sawyer moved that the vote by which the House agreed to the resolution be reconsidered.

The Speaker laid before the House sundry communications from the Executive Department relating to the correspondence between the government and General Taylor previously called for, the number of pensions, &c.

The report of the regents of Smithsonian Institute was read.

On motion, the House resolved itself into a committee of the Whole on the state of the Union, Mr. Caleb B. Smith in the Chair.

The Hon J. P. Gaines of Kentucky was introduced to the House by the Hon A. W. Venable, and took his seat.

REIGN OF THE REVOLUTION.—This exceedingly interesting little volume has met with unparalleled favor in this community. The sales have exceeded the most sanguine expectations of the publisher. More than one hundred have been sold in this town within a few weeks, and the demand for them is increasing. They are for sale by the publisher and proprietor, Rev. Mr. Liversy, and at the book stores.

The Masonic order, in Washington, are preparing a complimentary dinner to General Quitman and Shields.

CAUTION.—The public are particularly cautioned against being imposed upon by persons that are selling preparations of Sarsaparilla which they pretend have the same qualities as *Brown's Sarsaparilla* and *Tonato Bitters*. Since these Bitters have been offered to the public, there have been no less than four different imitations got up by as many different individuals, and sold for the genuine. The good qualities of *Brown's Extract of Sarsaparilla* and *Tonato Bitters*, is already known and appreciated by physicians and the public—particularly by those who have used them for impurities of the blood, bad humors, Scrofulous diseases, Bilious affections, Costiveness, loss of appetite, &c. There has been no medicine sold that has given such general satisfaction. There cannot be the least doubt but this compound is the best alternative now in use. We have abundance of proof of that fact. There have been thousands of cases of impurities of the blood cured by this medicine. Some of them have been truly wonderful, where the patients have been given over as incurable. The above compound is not merely a common extract of Sarsaparilla, but a very strong extract of the best Spanish Sarsaparilla, extracted by an entirely new apparatus, made expressly for the proprietor, and used by no other person in this country. This apparatus ensures the whole medical qualities of this most valuable root.

MEDICAL USES OF THE WILD CHERRY.—Ever since the settlement of America, Wild Cherry has been known to possess very important medicinal virtues. Every body knew this fact, but nobody knew how to extract its essential properties. Every mother gives Wild Cherry to her children for worms, for colds, and for almost every disease; and adults throughout our country are in the habit of making a compound or syrup of wild cherry bark, and other ingredients, to be used in spring as an antidote to complaints incident to that change of season. It is found by experiment that the wild cherry possesses even far more important qualities than was ascribed to it. For the first stages of Consumption, Asthma, no matter how long standing, Coughs, Liver Complaint, &c., it is proved to be the best medicine known to man.—Dr. Wistar's Balsam of Wild Cherry is a chemical extract, combined with a similar extract from Tar, which enhances its value. Its success in curing Pulmonary disease, in almost every stage, after our best physicians could do no more, has astonished the faculty, and led them to confess that Wistar's Balsam of Wild Cherry possesses a principle heretofore unknown among medical men.

None genuine, unless signed I. BUTTS on the wrapper.

HAPPY NEW YEAR.—In the midst of our merry-making and good humor, let us not forget that moderation both in eating and drinking is the only rational means of securing to ourselves a happy New Year.

It is not our purpose to encourage any species of intemperance; yet as the most conspicuous mark, at times, beset into an overloading of the digestive organs, we may be permitted to recommend Wright's Indian Vegetable Pills as the most effectual medicine in the world for removing headache, sick stomach, loss of appetite, looseness of spirits, and all other complaints which arise from an over-indulgence at the table.

BEWARE OF SUGAR COATED COUNTERFEITS.—Remember that the original and only genuine Indian Vegetable Pills have the written signature of William Wright on the top label of each box.

The genuine are for sale by C. G. C. HAZARD, No. 61 Thames-st., Sole Agent for Newport; and by Nathan Dennis, Portsmouth; Seabury & Almy, Tiverton Bridge; Arnold Smith, Tiverton Four Corners; H. F. Brown, Little Compton; W. A. Brown, Adamsville. Wholesale at the New England Office, 116, Tremont-st., Boston.

The Lady's Faith in Radway's Soap. Radway's Chinese Medicated Soap.

A secret which baffles the ingenuity of all who have attempted to analyze its properties. Radway's Chinese Medicated Soap. The extraordinary effects of this delicious emollient is truly astonishing, for no sooner is Radway's Soap applied to the surface, than tan, sunburn, pimples, blotches, tetter and other excrescences speedily disappear. One of the most important effects of the recent progress of Science is the alliance of Chemistry with Physiology. By which a new and unexpected light has been thrown upon the vital processes of animals. For this we are indebted chiefly to the German and French chemists.—We have now a clear understanding of the different action of aliments, poisons, and remedial agents, and the long derided theory of the blood being the portion of the system upon which the latter should act, is now a demonstrated truth.—The great object, therefore, is to ascertain what remedy will act most directly upon the constituents of the blood when in the act of combination. Experience, observation, and a cloud of witnesses, establish the fact that SANDS' SARSAPARILLA, is at the very head of this class. Cancer, scrofula, salt rheum, erysipelas, leprosy, ringworm, mercurial diseases, suppuration of the glands, swellings of the joints, and all the diseases of the muscles and tissues, together with general debility of the system, yield to this unfailing purifier of the

blood—for the blood is the channel through which disease finds its way to the various organs of the body.

Prepared and sold by A. B. & D. SANDS, Druggists, 100 Fulton st. N. Y. Sold also by Dr. R. R. Hazard and R. J. Taylor for Newport, by J. Russell, Fall River, by C. Dyer, For sale by R. J. TAYLOR.

To enable Mankind to Die of Old Age without Disease.—The public may not be aware that the Rev. B. Hibbard's Vegetable Pills are the very best Family Medicine extant; perfectly reliable in every emergency. No one can foresee the moment when they or their children may be attacked. Disease comes like a thief in the night, and in times of peril, anxiety and danger, it is a relief to the mind to have at hand a remedy so certain, prompt, and efficient in warding off as well as curing disease. Ship Fever, Typhus Fever, Congestive and Bilious Diseases are rife throughout the land. To travellers, emigrants, soldiers, and families, we say "Beware not to provide yourself with so potent a purifier of the blood; so safe, mild, and universal a remedy as these sovereign Vegetable Pills." Remember the name of Rev. B. Hibbard is on the label of each box. All others are spurious. T. R. Hibbard, M. D., 95 John-st., New York, proprietor. See advertisement in another column. JAS 29

[Extract of a letter from Dr. Williams of Vt.] Gentlemen—I will thank you to send me two dozen more of your Sarsaparilla and Tonic Bitters. I have used it with great success in four cases of dyspepsia, curing each of them in an almost incredible short time; likewise one case of scrofulous humor and one of jaundice. I consider it a valuable compound, and must say I have used it with the happiest effects. I should like to have it as soon as convenient. One of the cases of dyspepsia was a gentleman who had suffered a long time, and had been to the Springs for two seasons.

A. Hayden, Esq. of Cambridge, cured of the dyspepsia of a year standing, after trying a hundred remedies without the least effect. For sale by R. J. TAYLOR.

A Word to the Public. AFTER the 8th day of January, I shall discontinue to receive New York papers daily, and shall receive them only on such days as the Post arrives. On the alternate days an extra number of Boston Daily's will be procured. I am compelled to adopt this course for the following reasons: 1st, there is not patronage enough in Newport during the winter months to pay the expenses of procuring from New York a small order daily. 2d, the mails are so irregular during the stormy season, that two mails frequently arrive together; and although at such times, I sell at a discount, many will not buy at all, thus throwing the whole loss on my shoulders, when at the same time, if they subscribe and receive them through the Post Office, they must take them as they come, and pay two dollars and seventy cents per year more than it costs to receive them of me. 3d, I lost about Fifty Dollars last winter in my efforts to accommodate the public, but in justice to myself, I cannot do it again with my eyes open. Respectfully the public's obedient servant. WM. GOFF.

Miracle.
ON the 4th of August, in the year 1813, a sin-
gular scene occurred in the Royal Scientific In-
stitution of France. The aged, white-headed
President, his head bare, his arms outstretched, his
face radiant with smiles, (for science was triumphant,
) and his voice, with gratulatory tone, delivered
the following report:

"We are astounded at this singular preparation.
Where indeed will science stop! Here we have
a preparation made in the form of a beautiful piece
of soap, which we know by actual practice, to
cure every cutaneous eruption, every disfigure-
ment, and even discolored skin! Where will
its magic and singular power cease! The Negro,
the Greco, the Yellow Race of the East, and the
Red Man of the West, are alike under the in-
fluence of its extraordinary powers of clearing yel-
low or discolored skin, and making it white and
beautiful, and of changing the color of dark, or
black, or brown skin." (Here several persons
were brought forward by the President, who had
used it, in proof of his assertion.)

There are probably few persons of intelligence,
who, after reading the above, will doubt the qual-
ities of JONES' ITALIAN CHEMICAL SOAP,
in curing Pimples, Blotches, Sore Throat, Scoury,
Kryspelas, Sore Heads, Old Sores, Beard and
Barber's Itch, Chapped and Tender Flesh, Freck-
les, Tan, Sunburn, and changing dark sunburn or
yellow skin to a pure, clear white, as smooth and
soft as an infant's, and in fact every kind of erup-
tion and disfigurement. Read these certificates:

[From the N. O. Sentinel, Oct. 1, 1843.]
One of our subscribers, Mr. H. Lebrant, in-
forms us that he has been cured of old, acaly Salt
Rheum, of eighteen years standing, on his head,
fingers and hands, by a cake of an article much
advertised lately—we speak of Jones' Italian
Chemical Soap. He also informs us that he has
tried its effects on his female slave Rose, much
marked with sun spots, and he found in two
weeks her skin much clearer and whiter.

James Eltham, a painter in Jersey City, was
cured of carbuncles and pimples, which he was
afflicted with for many years, by part of a cake of
Jones' Italian Chemical Soap.

Persons in purchasing this must always ask for
Jones' Italian Chemical Soap; and perhaps as
many who have been cheated with counterfeits,
will be too much discouraged to try the genuine,
we say to such, try this once—you will not regret
it, but always see that the name of T. JONES
is on the wrapper. For sale in Newport by
June 10-1m. R. J. TAYLOR.

SHOES, BOOTS AND GAITERS.

A very Extensive Supply.

IN offering this stock of goods to the inhabi-
tants of Newport and vicinity, I am aware that
the satisfaction of making a good bargain is incom-
plete—it is not realized when the purchaser does
not know that he is receiving for his money the
very best return. To give, in this case full as-
surance, I will say, that whilst the above goods are
too valuable to allow of being purchased at lower
prices than other goods in market, I will not with-
standing, sell them at such prices as cannot fail to
secure a continuance of that custom which I al-
ready have so largely and so liberally received.

PHALON'S CHEMICAL HAIR INVIGORATOR.

Phalon's Chemical Hair Invigo-
rator.

A REMEDY for all diseases of the Hair, and
is restorative in all cases where baldness is not
beyond the reach of art.

Naught with beauty can compare,
With soft, glossy locks of hair;
If not endowed with such by nature,
Use Phalon's Hair Invigorator.

The subscriber having devoted a considerable
portion of his time for twenty years to the study
of the skin and the human hair, also the best
means of treating and curing the same, and hav-
ing, in the course of his experiments made various
changes and improvements in the different arti-
cles approved as the best for such purposes, has at
length, after laborious research and deep investiga-
tion, succeeded in bringing to perfection a com-
position, the virtues of which he challenges the
world to excel.

The Chemical Hair Invigorator is composed of
a number of vegetable ingredients of opposite qual-
ities, and approved by the highest medical stand-
ard, the secret of blending and combining, which
is known only to the subscriber, who has spared
neither pains nor expense in bringing it before
the public.

The Invigorator is an article in which a clean-
ing and purifying wash is beautifully blended with
a most delicate, silky and glossy moisture of the
hair never before attained, yet free from ex-
cess of grease or essential oils. It cleanses the
pores of the skin, causes a healthy action of the
blood vessels, nerves, &c., which free the hair,
thereby preventing baldness and gray hair, entire-
ly frees the skin from scurf, dandruff and other
cutaneous diseases, dispenses the hair to curl,
and keeps it so—will positively change the hardest
hair into the most soft and healthy and glossy state,
also imparts to it a darker color, and a free use of it
will keep both the skin and hair in a healthy and
luxurious state until the last period of life.

Ladies will find the Invigorator a great addition
to the toilet, both on account of its delicate and
agreeable perfume, and the great facilities it
affords in dressing the hair, which when moisten-
ed with the Invigorator can be dressed in any re-
quired form, so as to preserve its place whether
plain or in curls. When used on childrens heads
it lays the foundation of a good head of hair.

The great and only Successful Remedy for the cure of Consumption,

Dr. E. W. Vandersmith's INDIAN COUGH BALM and LUNG BALM.

READER!—DISEASE OF THE LUNGS AND THROAT CURED.

This is to certify that I have been afflicted for five years with a cough, pain in the chest, night sweats, difficulty in breathing, etc., and I also expectorated a large quantity of frothy matter and blood, from which I was reduced to a perfect skeleton, my chest was very much ulcerated. I had lunar caustic applied to my throat twice a week, but received no benefit; I have used one hundred different kinds of Patent Medicines, recommended by my friends, but all to no purpose. A friend of mine, Mr. Willett, whose lungs had been affected for two years past, was cured by Dr. Vandersmith's Medicine. He insisted upon my trying Dr. V. and I did so. After I had used his medicine 15 days, I expectorated large quantities of yellow frothy matter, my chest expanded, and my difficulty in breathing subsided. I persevered with his medicine, and the result has been, I am perfectly cured of all my sickness. I recommend every consumptive to try Dr. V.'s medicine, I am confident it will cure you. Your sincere friend, EDWARD C. THOMPSON.

Sworn before me this 21st day of April, 1817. A. H. MICKLE, Mayor of the city of N. Y. Inflammation of the Lungs.

New York, June 19, 1817. Dr. Vandersmith—I have been subject to a cough, pain in the chest, difficulty of breathing, &c., for many years past. About four months ago I took a severe cold, which settled on my lungs. I was unable to attend to my business during the day. I would have dreadful coughing fits, that I thought it was impossible for me to survive unless I could get relief. The excessive night sweats, had reduced my whole body to a skeleton. I expectorated white frothy mucus, in fact, should I give the full particulars of my case, it would be almost incredible. I was recommended to try Dr. Vandersmith's Indian Cough Balm and Lung Balm. I consented; when I used it about one week, my cough decreased considerably, which gave me great hopes. I continued with the medicine according to directions, and the result has been that I am restored to health, a blessing that I have not enjoyed for years, until the present. I sincerely believe had I not made use of Dr. Vandersmith's invaluable medicine, that I would be mouldering in the silent grave. Therefore I believe that I am doing nothing but what is justice, in stating the above facts, so that you may show it to all the afflicted who may call upon you to administer to them. I shall be pleased at any time to converse with the afflicted who call upon me. Your grateful patient and friend, JAMES R. HENDERSON.

No. 703 Washington street. Sworn before me this 19th day of June, 1817. W. V. BRADY, Mayor of the City of New York. Consumption.

Staten Island, June 10, 1817. Dear Sir—I take great pleasure in giving you my certificate, last December I was attacked with a severe cough, pain in my left side, loss of appetite, and continual raising of white and yellow mucus. Some days I raised a half-pint of mucus, streaked with blood. I have been under the treatment of a dozen physicians, I was recommended by Dr. Mitchell of Philadelphia, to use a Breathing tub, I purchased one, I only made use of it one week, it was the cause of bringing on a hemorrhage of the lungs, which reduced me so much that I was unable to sit up, my voice was entirely destroyed, it was difficult for persons to understand me. I saw Dr. Vandersmith's Medicine recommended very strongly by a patient whom he had cured. I sent for half a dozen bottles, I received great benefit from that, which induced me to purchase a dozen bottles, I took according to the directions, and it cured me perfectly sound.

Yours &c. ROBERT WILLSEY. Sworn before me this 10th day of June 1817. W. V. BRADY, Mayor of the City of N. Y. Principal Office, No. 36, Barclay Street, N. Y. None genuine unless signed with the written signature of W. Vandersmith, M. D., and his name blown on the glass of the bottle. For sale by R. J. TAYLOR, No. 148 Thames-st.

Look at This. Dr. Rev. B. HIBBARD'S Vegetable and Anti-Bilious FAMILY PILLS are not found to be the most convenient, the best physic you ever tried, and fully equal to any recommendation of them—if you do not find that one of these pills does more good than from four to six of any other kind, every agent stands ready to receive the empty boxes and refund the money. These Pills are recommended as being without an equal in all Bilious attacks affections of the Liver, the Lungs, Stomach, or Bowels, caused by taking cold, or obstructed perspiration. They carry off the bile, cleanse the stomach and bowels, and re-open the closed pores of the body, thereby fitting out the insensible perspiration through its accustomed channels, and relieving at once the internal organs. Also in all chronic affections, as Dyspepsia, Sick Headache, Rheumatism, &c.—Mind the Directions, which go with each box. Every agent has circulars of these Pills to give away.

Half a Pill is the usual dose, though some require One Pill, or even more. Children of one year and over, one quarter of a pill, of 7 years and over, half a pill. These Pills are purely VEGETABLE, and may be taken under all circumstances, without regard to drinks or diet. Agents in Newport PHILIP RIDER, R. J. TAYLOR, and C. G. C. HAZZARD. n5530

The American Improved Hygienic Vegetable Medicine.

SAFE, CHEAP AND EFFECTIVE. This medicine makes no pretensions to miraculous powers, the raising of the dead, or to immense and astounding sales daily and hourly, after the most approved method of the times; but bases all its claims upon plain common sense principles, as a simple aid to nature in restoring the human system to its proper tone and action, when by carelessness or unavoidable circumstances it has become deranged or debilitated, and asks simply a faithful trial as a test of its curative properties. During the last twenty years it has worked its way into extensive use, wholly upon its own merits, by commendation from individual to individual, not having been advertised for more than twelve years till within the past few months—save occasionally in a journal of which the present proprietor is Editor. The increasing demand, however, has necessarily compelled greater attention to its business, and agencies are now being established throughout the country.

A faithful trial of a half dollar or dollar package is almost certain to secure use in every family where it is introduced, where medicine is needed. The undersigned has used it in his own family for more than fifteen years—has knowledge of its approved use in many others, (for periods varying from months to fifteen or sixteen years,) as their only medicine, and knows it to be valuable in most of the complaints incident to the human system. But a long or extravagant commendation is not designed or needed here. Ten thousand mere assertions in its favor will not make it valuable, or satisfy reasonable persons without a trial; for the proof, after all, must lie in the use of it. Try it, then. Read, try, and then judge.

Bogle's Hyperion Fluid; Or Vegetable Hair Composition. THE subscriber has been induced to bring this article before the public, at the request of his numerous customers, among whom are physicians and citizens of the first respectability, who have adopted its use in their families, and wish others to participate in its advantages.

The Hyperion is composed of vegetable ingredients, the secret of compounding and blending which is known solely to the subscriber. It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture never before attained, yet free of animal grease or essential oils. It cleanses the pores of the skin, causes a healthy action in the blood vessels, nerves, &c., which feed the hair, thereby preventing BALDNESS AND GREY HAIR.

It entirely frees the skin from Scurf, Dandruff, and other cutaneous diseases. It disposes the hair to curl, and changes the harshest hair into the most soft, glossy, and healthy state, also imparts to it a darker color, and the free use of it, both on the skin and hair, in a most healthy and luxurious state until the latest period of life.

Ladies will find the Hyperion a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be dressed in any required form, so as to preserve its place, whether plain or in curls.—When used on children's heads, it lays the foundation of a good head of hair.

GENUINE BEAR'S OIL Highly Perfumed.—Perhaps our ladies and fashionables are not aware that three-quarters of the "Bear's Oil" (so called) with which they anoint their locks, wondering that it does them so little good, is nothing in the world but hog's lard, so highly scented as to escape detection, save on close examination. This, however, is simply the fact, and one that ought to be known. The only safe way is to purchase your Bear's Oil of HENRY JOHNSON, who gets it direct from Canada and the North Western Territory, and who never sells an ounce until he knows it to be genuine. The real Bear's Oil is a wonderful beautifier and strengthener of the hair, and should be used by every one desirous of beautiful locks.

Coggeshall & Bliss' Patent Cooking Range.

THE subscriber has just taken out letters patent for a new and beautiful cooking Range, to which they invite the attention of the public.

This Range may be set in the ordinary fire place, and by a simple, though effectual apparatus, the throat of the chimney may in an instant of time, be opened or closed, so that the heat in summer and the fumes from cooking at all times may escape through the chimney.

Wood or coal may be used, and the evil of smoking chimneys is completely remedied by its introduction.

This Range is so constructed that it takes up but a small space, and yet it contains all the qualities of those which take up double the amount; and it being constructed as it is, the Boilers are brought in close proximity with the fire, and it consequently boils much sooner, and with a smaller amount of fuel, than the old fashioned Ranges, or cook stoves. It contains five boilers, four of which may be converted into two, by taking out a cross pier, and thus will admit of two large boilers at the same time. It also contains an Oven 12 inches wide by 21 deep, which cannot be surpassed for baking.

The subscriber has one of these Ranges in operation at his store, where the public are invited to call and examine it, and if they will, they may at once discover its utility. He also keeps constantly on hand all kinds of Parlor, Office, and Cook Stoves, Tin Ware, &c., &c.

DOCT. EMANUEL'S BALSAMIC LUNG AND COUGH JELLY.

THE materials of this Jelly are purely vegetable and balsamic, and are the invention of an eminent physician, from whom the proprietor has purchased the recipe. It is certainly worth its weight in gold, but is put at a price to be within the reach of rich and poor.

Names and residences of persons residing in the city of New York, who have been cured or benefited by Dr. Emanuel's Balsamic Cough and Lung Jelly, when it was prepared in another form:

Mr. Hiram Adams, 113 William-st., N. Y., had for some time, a dreadful pain in his side and chest, with a hacking cough, and shortness or difficulty of breath. He used part of a bottle of Dr. Emanuel's Balsamic Lung and Cough Jelly, which perfectly cured him.

Mrs. Morgan, Front-st., Brooklyn, had a very obstinate cough and cold. She tried every other remedy in vain, and Dr. Emanuel's Balsamic Lung and Cough Jelly entirely cured her.

Reader, reader, let the glad voices and grateful hearts of these respectable citizens of New York, appeal to your hearts and understandings, if you are afflicted with any pulmonary complaint, cough, cold, &c.

ME L. W. Conklin, 102 Eldridge-st. Mr. Alonzo Brown, 72 Reade-st. Mrs. Morgan, 162 Front-st., Brooklyn. Orange county April 19th, 1846.

Dr. EMANUEL.

Dear Sir—You may perhaps think my statement almost incredible. My reason for fearing so is the fact of your never recommending your Jelly for the cure of confirmed consumption, but only in its primary or first stages. I have every reason to believe that I was in its last stage; my physician told me so; my friends told me so; as well did my symptoms, for they were truly alarming; and I felt fully convinced, that unless relief was obtained, I must soon be consigned to the narrow confines of the silent grave. But by the timely use of your remedy, I still live, and again enjoy my former good health. I had, indeed, dear sir, all the alarming symptoms you speak of as forming consumption in its worst stage; but by the use of your Jelly, I again say, I am cured.

Yours, dear sir, with great sincerity, ISAAC J. BEED.

And now, reader, having given you a plain statement, let me conjure you to pause, ere it is too late; try this Balsamic Lung Jelly—try it. I have put its price to you as low as I can afford; if you use it, and succeed in curing yourself, I shall have the gratification of having rescued another from consumption; and I hope, in return, that you will not withhold from me your name, and a statement of your cure.

Dr. Emanuel's Balsamic Lung and Cough Jelly, is sold by the Agent, R. J. TAYLOR. Price fifty cents a bottle, or larger sizes one dollar. Dec. 11.
